

Agriculture Research Council

EU/SA Side Event

MS Jeenah

19th June 2013

ARC Strategic Objectives

- Support of agricultural sector
- Mitigating against agricultural risk
- Sustainability of natural resources

Strategic Priorities

- Climate Change
 - Monitoring
 - Mitigating
 - Adaptation
- Small holder farming
- Biotechnology
- Agro-processing
- Technology Transfer

Climate Change

- Changing Production Areas
- Disease outbreak models
- New and improved crops

Biotechnology

- Genomics
- Bioinformatics
- Proteonomics
- Transgenic, Cisgeneic

Agro-processing

- Appropriate cultivars
- New products
- Efficient processing

- Development of renewable energy crops

Technology Transfer

- Provision of new cultivars
- Provision of improved production systems
- Training
